Important Payment Information

Payment Information

Payments must be made by the due date shown. You can pay 24-7 online through bilt.com/uwm or use our automated telephone system by calling 888-896-9658. If paying by check, please follow these instructions carefully:

1. Detach the coupon from the bottom of your mortgage statement and send it along with your check or money order to the address printed on the coupon.
2. Never send cash.
3. For your monthly payment, or if sending a separate principal payment, use the address on your payment coupon. If sending a principal-only payment, note "principal only" and include your loan number in the memo line of your check. Important: Additional principal payments can only be accepted when your loan is current or together with the current month's payment. No principal payments can be applied if the loan is past due.
4. Depending on various factors, such as the amount, delinquency status, who owns your loan, whether there is an escrow account, how many partial payments have been made in the past year, or if your loan has been or is being modified, a partial payment may be: (1) applied to your loan; or (2) accepted but held in a non-interest bearing unapplied funds account until we receive enough to equal one full periodic payment; or (3) may be returned if they do not meet specified parameters.
5. If you pay more than the required payment, please indicate on the coupon how you want the excess to be applied. Any overpayment not designated for a specific purpose will be used to cover up to one payment, which could make your loan current or prepaid. Any remaining amount may first be used to pay fees or other balances owed, as allowed by law.
6. We reserve the right to redeposit checks that are returned. Any remaining amount may first be used to pay fees or other balances owed, as allowed by your security instrument or applicable state law.

Late Charges and Insufficient Funds Fees:
Payments received after the grace period will incur a late fee, calculated as the lesser of the amount permitted by your Note or by applicable law. Your Note specifies both the late fee rate and the length of the grace period. Please allow sufficient mailing time for your payments, as the date of receipt and posting determines whether a late fee will apply. We reserve the right to redeposit checks that are returned.
